

SCREENING INTEGRATIVE HEALTH REPORT FOR **HELIOPOLIS UNIVERSITY** **ADMINISTRATIVE STAFF**

Integrative Health Center
2024 - 2025

Purpose:

Health screening programs are crucial tools to figure out persistent population health problems. It can be challenging for employees to maintain a healthy lifestyle for various reasons. These may include long days sitting in an office chair, repetitive physical movements causing strain on the body, or sustained stress leading to burnout and fatigue. A crucial first step in preserving a healthy workplace and promoting employee wellbeing is conducting corporate health screening. Businesses have a significant influence on reducing a variety of community health problems. Early identification of health risks results in reduced absenteeism, increased productivity, and earlier interventions as well as demonstrating concern for staff well-being.

Description:

The Integrative health screening program was designed to evaluate the health and well-being of different population with subsequent personalized recommendations that can be provided to help employees achieving better health. This service is offered regularly to all employees at SEKEM companies and HU departments.

Total number of staff members in different departments:

Department	Count
Administrative & Management	52
Academic Support (Non-Teaching)	20
Agriculture & Environmental Services	9
Facility & Operational Support	38
Technical & IT Support	8
Finance & Accounting	2
Security & Safety	33
Human Resources	4
Total	166

Comment:

The distribution shows a strong emphasis on Administrative & Management and Facility & Operational Support roles, together making up over half of the total staff. Security & Safety also has a significant presence, while departments like Finance & Human Resources are minimally staffed.

I. Demographic information:

1. Gender:

Department	Female	Male
Administrative & Management	51.90%	48.10%
Academic Support (Non-Teaching)	60.00%	40.00%
Agriculture & Environmental Services	11.10%	88.90%
Facility & Operational Support	18.40%	81.60%
Technical & IT Support	0.00%	100.00%
Finance & Accounting	0.00%	100.00%
Security & Safety	0.00%	100.00%
Human Resources	25.00%	75.00%

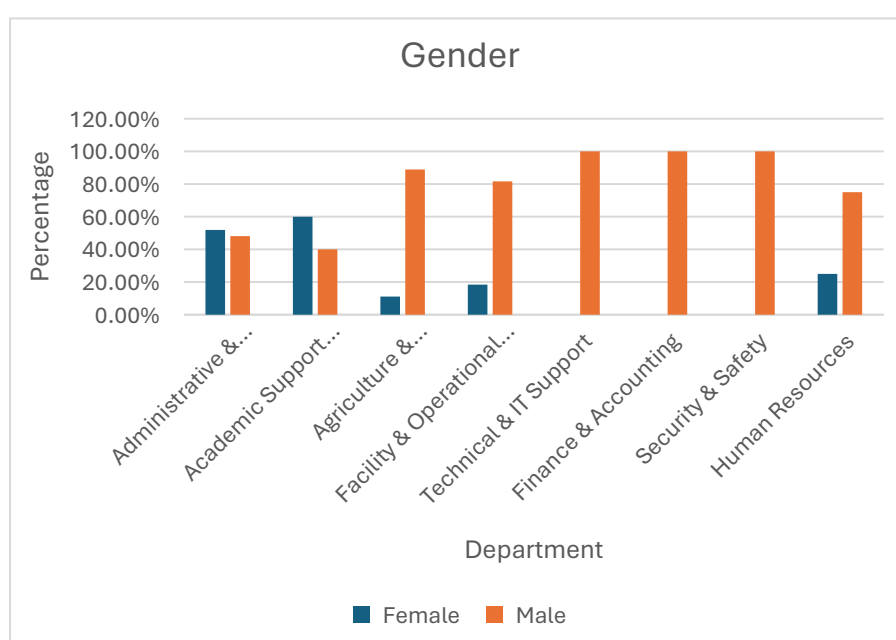

Figure 1

Comment:

The data shows that females are mostly present in administrative and academic roles, while technical, security, and operational departments are heavily male dominated. Gender balance is lacking in several areas.

2.

Age

range:

Age Range	Admin&Mgmt	AcadSupport	Agric	Facility	IT	Finance	Security	HR
20–29	26.90%	15.00%	22.20%	15.80%	50.00%	0.00%	3.00%	0.00%
