

SCREENING INTEGRATIVE HEALTH REPORT FOR **NEWCOMERS**

Integrative Health Center
2025 - 2026

Purpose:

Most university students belong to young adulthood with age ranges between 18 – 26 years old. Many reports identified this phase as biologically, and psychologically stage that influences university students' attitude and decision-making. According to previous reports, there is a high prevalence of risky behaviours among college students, such as eating disorders, anxiety, and depression, as well as tobacco/ vaping products usage. Accordingly, our aim is to implement holistic health screening for students at Heliopolis University for Sustainable Development regardless their faculty or study level. A self-completion questionnaire was administered through Computer-Assisted Group Interviewing about health, lifestyle and dietary habits as well as self-evaluation.

Findings:**Total number of Students screened at different Faculties:**

Faculty	Number of Students	Percentage
Pharmacy	212	56.90%
Physical Therapy	31	8.30%
Agriculture	82	22.00%
Engineering	47	12.60%
Blank	1	0.30%
Total	373	100%

Comment:

The data shows that most students are in the Pharmacy faculty (56.90%), followed by Agriculture (22.00%) and Engineering (12.60%). Physical Therapy has the smallest share at 8.30%, with 0.30% listed as "Blank." The total student count is 373.

I. Demographic information:**1. Gender:**

Faculty	Female	Male
Agriculture	68.29%	31.71%
Engineering	29.79%	70.21%
Pharmacy	57.08%	42.92%
Physical Therapy	64.52%	35.48%
Blank	100.00%	0.00%

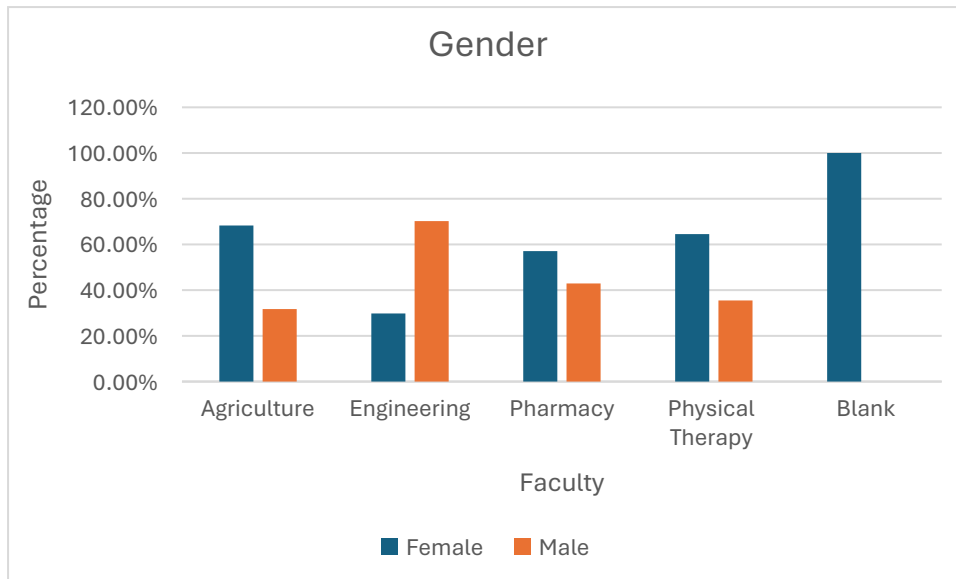

Figure 1

Comment:

Pharmacy and Physical Therapy have more females, while Engineering has a higher male percentage. Agriculture shows a balanced distribution, and Blank is entirely

2. Age range:

Faculty	Age 18-20	Age 21-23
Agriculture	96.34%	3.66%
Engineering	95.74%	4.26%
Pharmacy	99.53%	0.47%
Physical Therapy	96.77%	3.23%
Blank	100.00%	0.00%

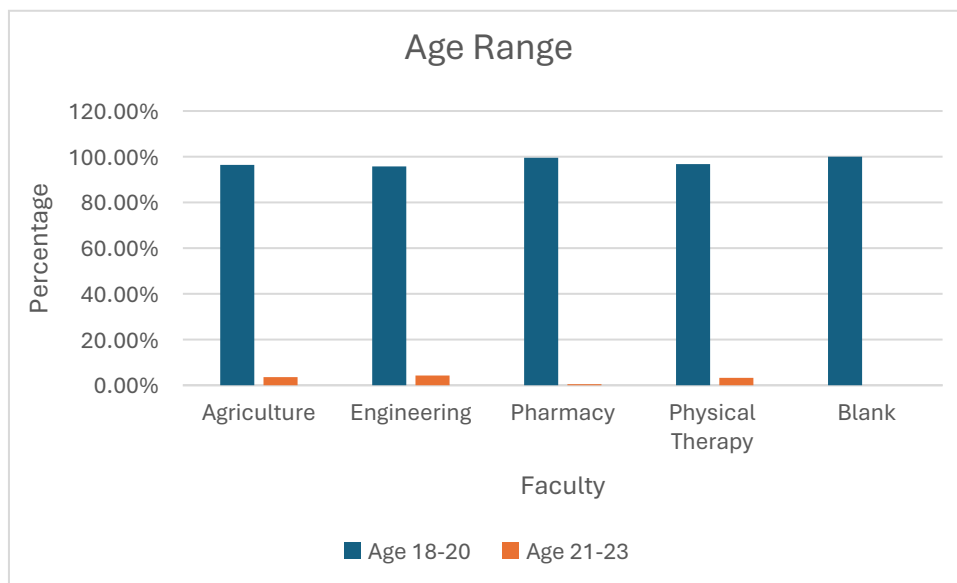

Figure 2

Comment:

Most participants are in the 18-20 age group, with Pharmacy having the highest at 99.53%. The "Blank" category has only one participant, aged 18-20.

3. Marital status:

Faculty	Single	Engaged	Married
Agriculture	98.78%	1.22%	0.00%
Engineering	97.87%	2.13%	0.00%
Pharmacy	99.06%	0.47%	0.47%
Physical Therapy	100.00%	0.00%	0.00%
Blank	100.00%	0.00%	0.00%

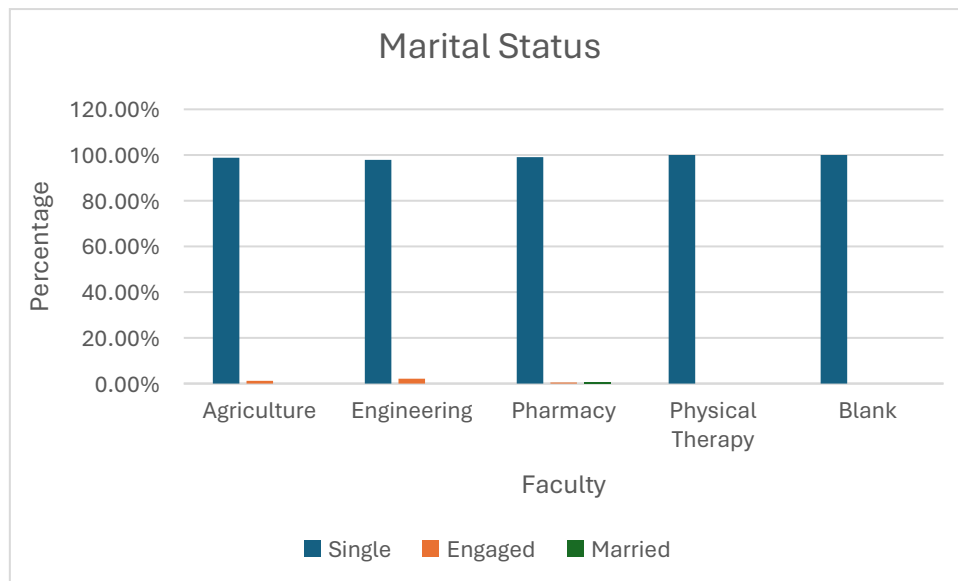

Figure 3

Comment:

Most participants are single, with minimal engagement and marriage percentages, particularly in Pharmacy.

4. Accommodation:

Faculty	With Parents	Student Housing	University Dorms	Rented Private Apartment
Agriculture	80.49%	4.88%	0.00%	12.20%
Engineering	85.11%	6.38%	0.00%	4.26%
Pharmacy	81.60%	8.96%	2.36%	4.72%
Physical Therapy	80.65%	0.00%	3.23%	6.45%
Blank	0.00%	0.00%	0.00%	0.00%

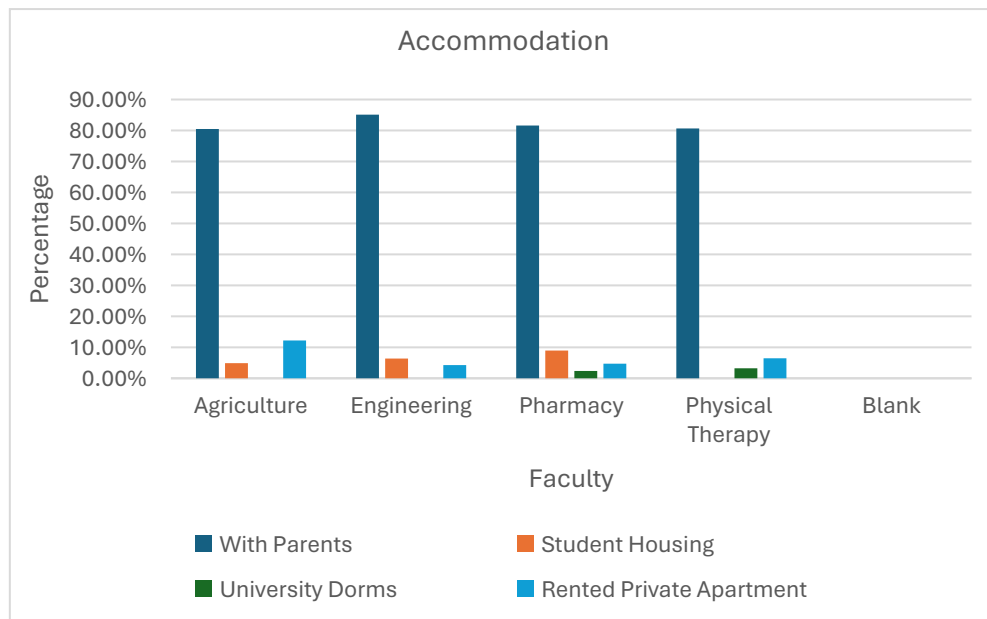

Figure 4

Comment:

Most students live with parents, followed by those in rented private apartments.

Pharmacy has the highest student housing and dorm percentages.

5. Travel Duration:

Faculty	<15 min	15–30 min	31–60 min	>1 hour
Agriculture	10.98%	21.95%	26.83%	40.24%
Engineering	4.26%	38.30%	25.53%	31.91%
Pharmacy	8.02%	28.77%	25.94%	37.26%
Physical Therapy	9.68%	25.81%	38.71%	25.81%
Blank	0.00%	0.00%	100.00%	0.00%

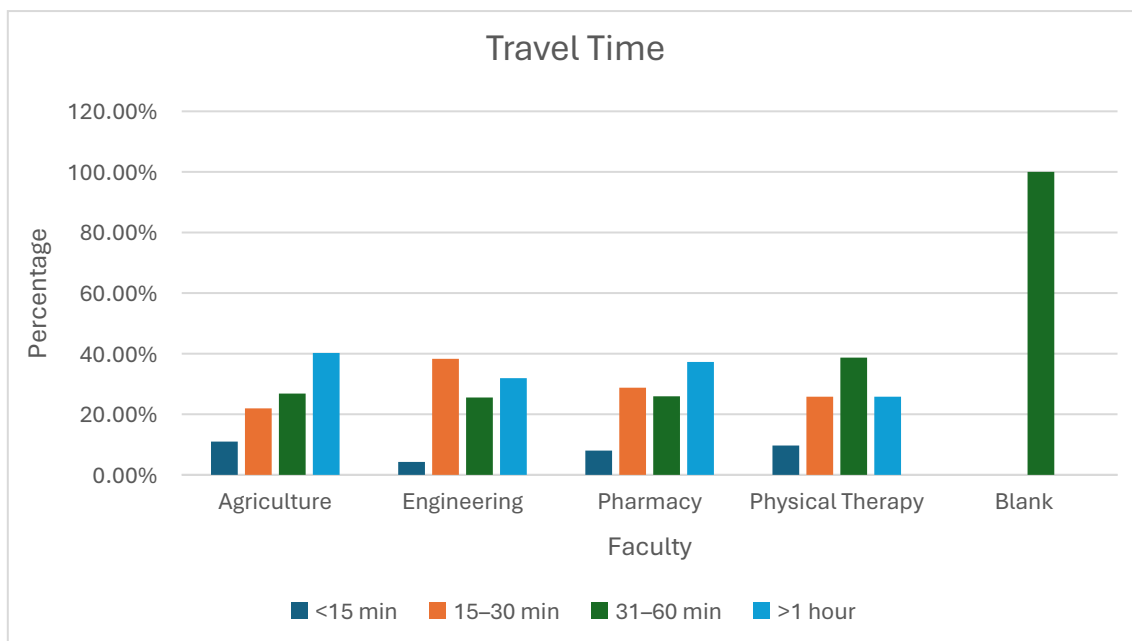

Figure 5

Comment:

Most students have a travel time of over 1 hour, with Pharmacy and Agriculture having the highest percentages in this category.

II. Student's health & lifestyle information:

6. Body mass index (BMI):

N.B:

- under 18.5 – This is described as underweight.
- between 18.5 and 24.9 – This is described as the 'healthy range'.
- between 25 and 29.9 – This is described as overweight.
- between 30 and 39.9 – This is described as obesity.
- 40 or over – This is described as severe obesity.

Faculty	Underweight	Healthy Range	Overweight	Obese	Undefined
Agriculture	3.66%	48.78%	25.61%	21.95%	0.00%
Engineering	12.77%	42.55%	27.66%	10.64%	6.38%
Pharmacy	7.58%	59.24%	18.96%	13.74%	0.47%
Physical Therapy	12.90%	64.52%	9.68%	12.90%	0.00%
Blank	100.00%	0.00%	0.00%	0.00%	0.00%

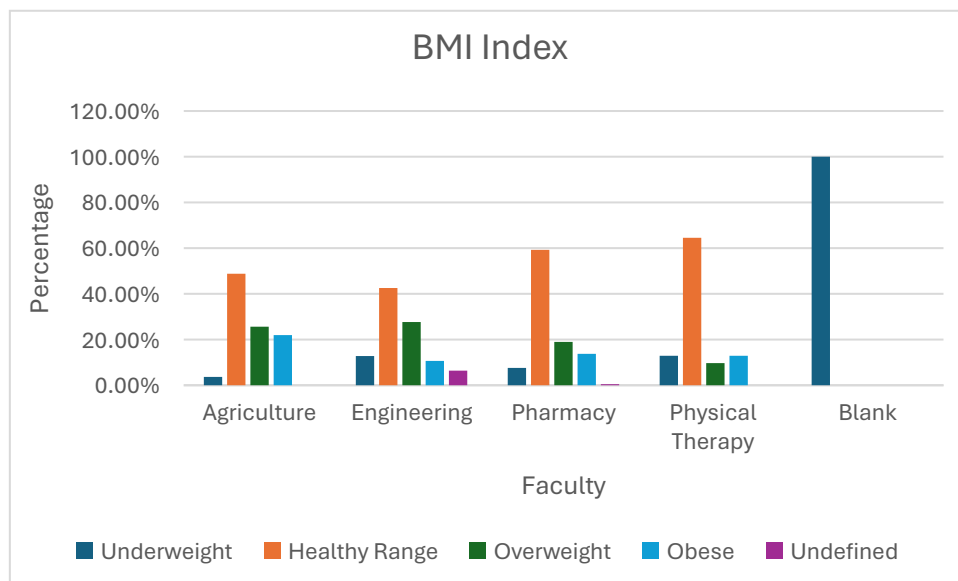

Figure 6

Comment:

The data shows that most students are within the healthy weight range, particularly in Physical Therapy and Pharmacy. However, a significant percentage of students in Agriculture, Engineering, and Pharmacy are overweight or obese, indicating a need for health awareness and interventions.

7. Do you have any of the following medical condition/s?

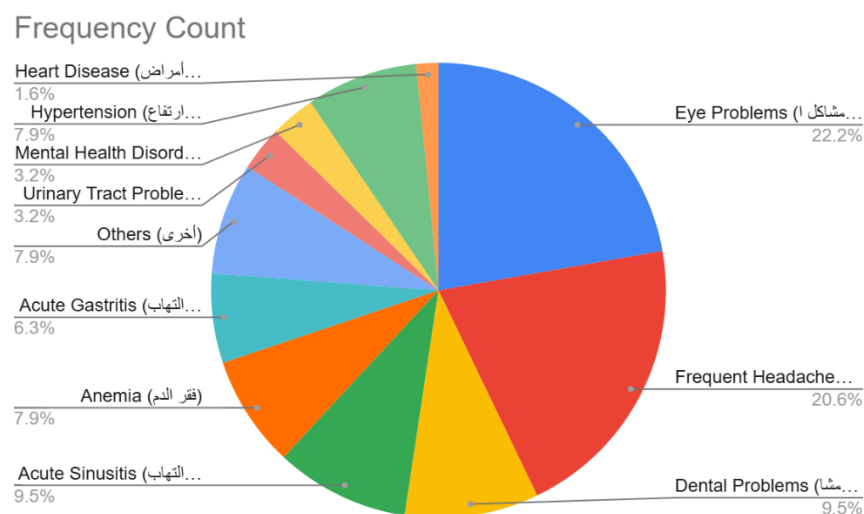

Figure 7a (Agriculture)

Medical Conditions (Engineering)

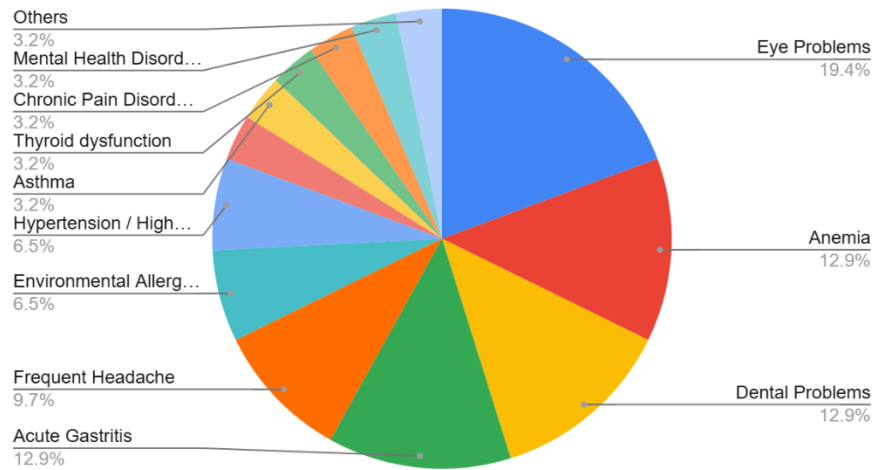

Figure 7b (Engineering)

Frequency Count

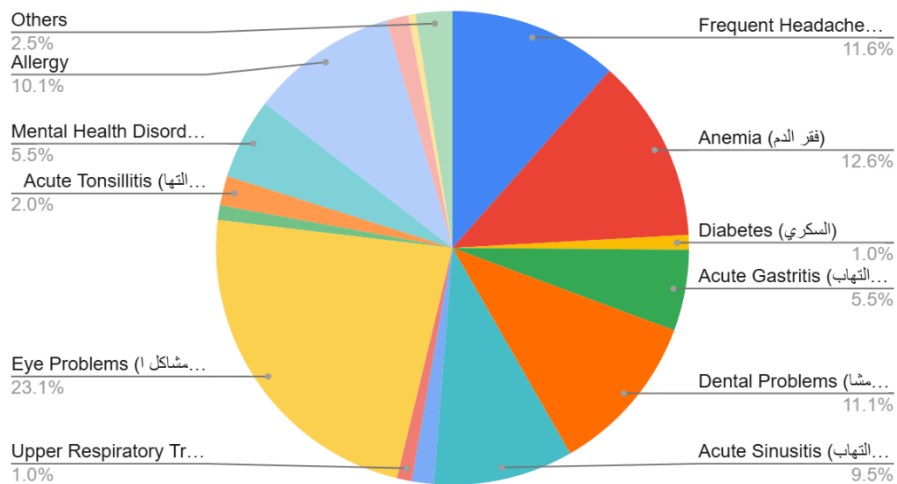

Figure 7c (Pharmacy)

Frequency Count

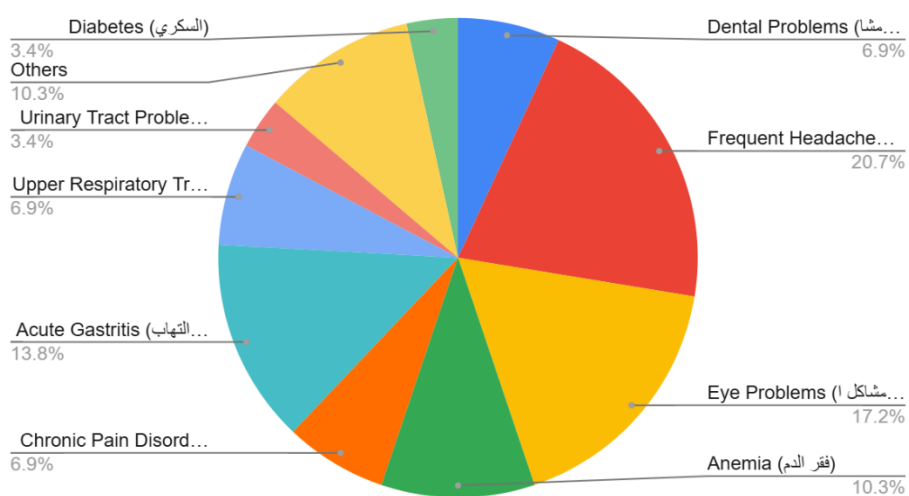

Figure 7d (Physiotherapy)

8. Do you have a history cancer?

Faculty	Yes	No
Agriculture	1.22%	98.77%
Engineering	0%	100%
Pharmacy	0%	100%
Physical Therapy	3.22%	96.77%
Blank	0%	100%

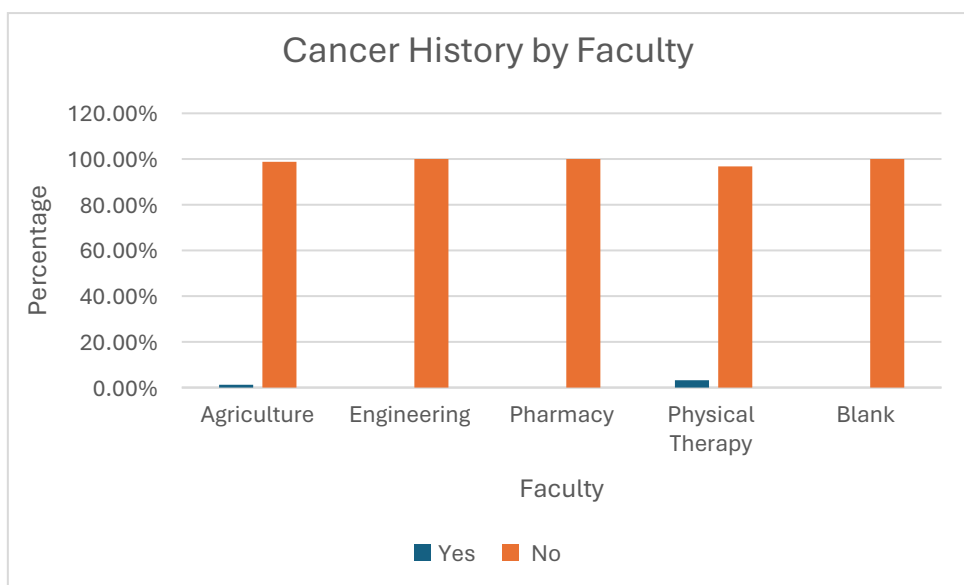

Figure 8

Comment:

The data shows a very low prevalence of cancer across faculties, with **Agriculture** having 1.22%, **Physical Therapy** 3.22%, and **Engineering** and **Pharmacy** reporting no cases. This highlights minimal reported cancer cases, suggesting a need for continued health awareness and screenings.

9. Have you undergone any previous surgeries?

Surgery Type	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
No Surgery	86.59%	89.36%	90.57%	87.10%	100%
Appendectomy	4.88%	2.13%	3.77%	3.23%	0%
Tendon Repair	0%	2.13%	0.47%	0%	0%
Eye Surgery	1.22%	0%	0.47%	3.23%	0%
Shoulder Surgery	0%	0%	0%	3.23%	0%
Knee Surgery	2.44%	2.13%	1.42%	0%	0%
Gallbladder Removal	0%	0%	0.47%	0%	0%
Plastic/Reconstructive Surgery	1.22%	4.26%	1.89%	0%	0%
Hernia Surgery	0%	0%	0.47%	0%	0%
Tonsil/Adenoid Removal	0%	0%	0.94%	3.23%	0%
Ganglion Cyst Removal	0%	0%	0.47%	0%	0%
Bariatric Surgery	1.22%	0%	0%	0%	0%

Fistula Surgery	1.22%	0%	0%	0%	0%
Bladder Augmentation	1.22%	0%	0%	0%	0%

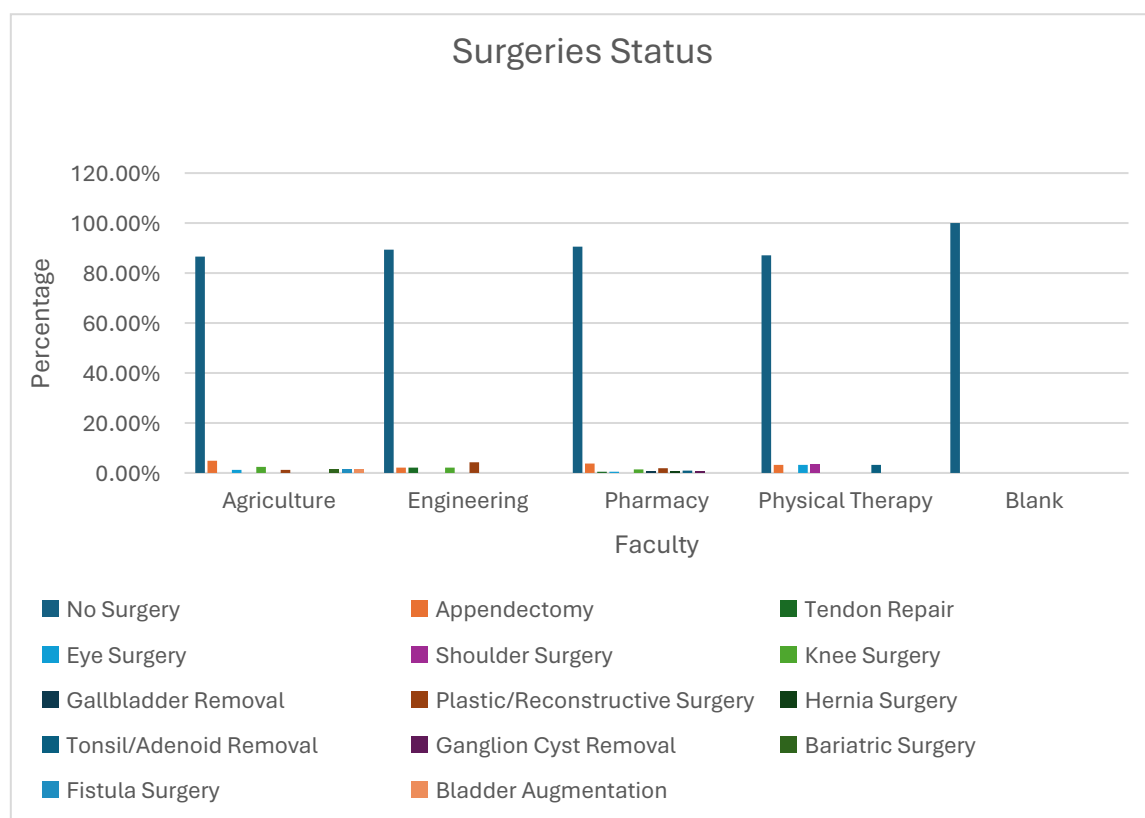

Figure 9

Comment:

This bar chart displays the percentage distribution of various surgery types across fields like Agriculture, Engineering, Pharmacy, and Physical Therapy, providing a clear comparison of the prevalence of different surgeries within each category.

10. Are there doctors or therapists who treat you?

Category	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Zero	64.63%	65.96%	71.70%	64.52%	0.00%
1- doctor	29.27%	21.28%	20.28%	29.03%	100.00%
2- doctor	4.88%	4.26%	5.19%	6.45%	0.00%
3+ doctor	1.22%	6.38%	2.83%	0.00%	0.00%

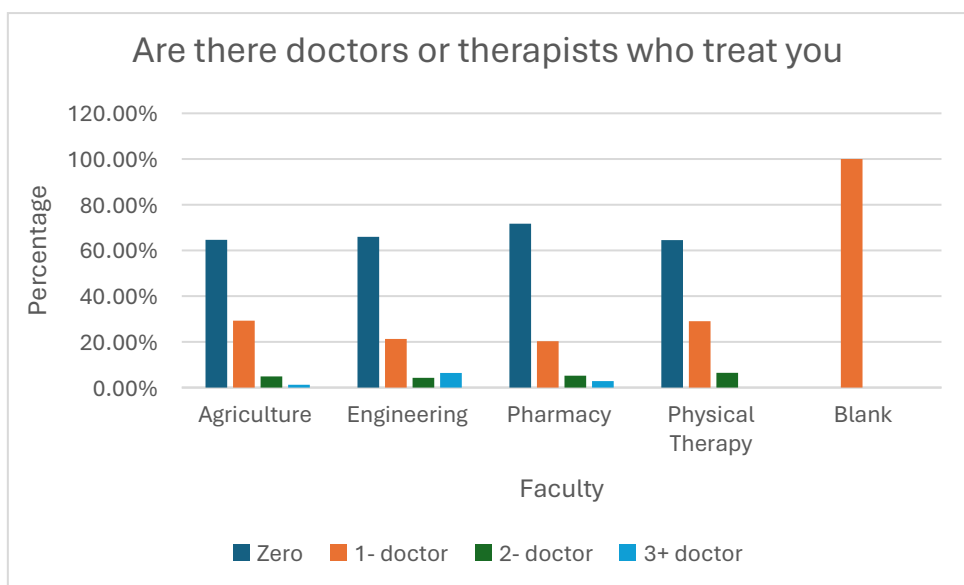

Figure 10

Comment:

The data shows that most people in all fields (Agriculture, Engineering, Pharmacy, Physical Therapy) visit **zero** or **one** doctor. **Pharmacy** has the highest percentage of people seeing multiple doctors, while **Agriculture** has the most people not visiting any doctor.

11. Please list all the medications you are currently taking for chronic health conditions:

Category	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
No Medication	85.37%	81.25%	89.62%	93.55%	100%
1- Medication	10.98%	14.58%	8.49%	6.45%	0%
2- Medication	2.44%	2.08%	1.42%	0%	0%
3+ Medication	1.22%	0%	0%	0%	0%

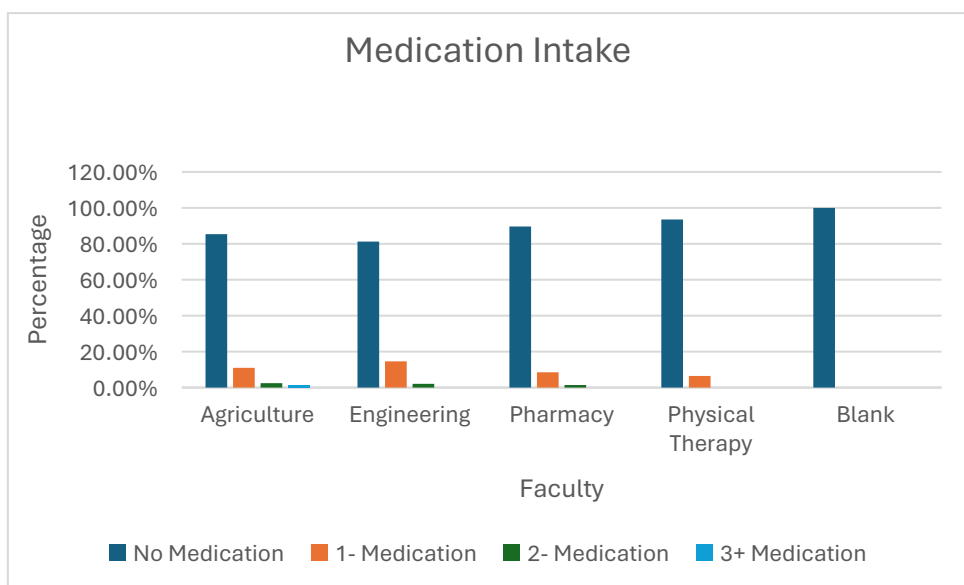

Figure 11

Comment:

Most people in all categories (Agriculture, Engineering, Pharmacy, Physical Therapy) have **no medication**. Pharmacy has the highest percentage of individuals with no medication (89.62%). The proportion of people taking **1 medication** is small, with Physical Therapy showing the lowest (6.45%). Very few people use **2 or more medications** across all fields.

12. How many hours do you typically sleep each night?

Sleep Duration	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Less than 5 hours	4.88%	0%	1.89%	3.23%	0%
5 to 7 hours	48.78%	51.06%	63.21%	48.39%	0%
8 to 9 hours	46.34%	48.94%	34.91%	48.39%	100%

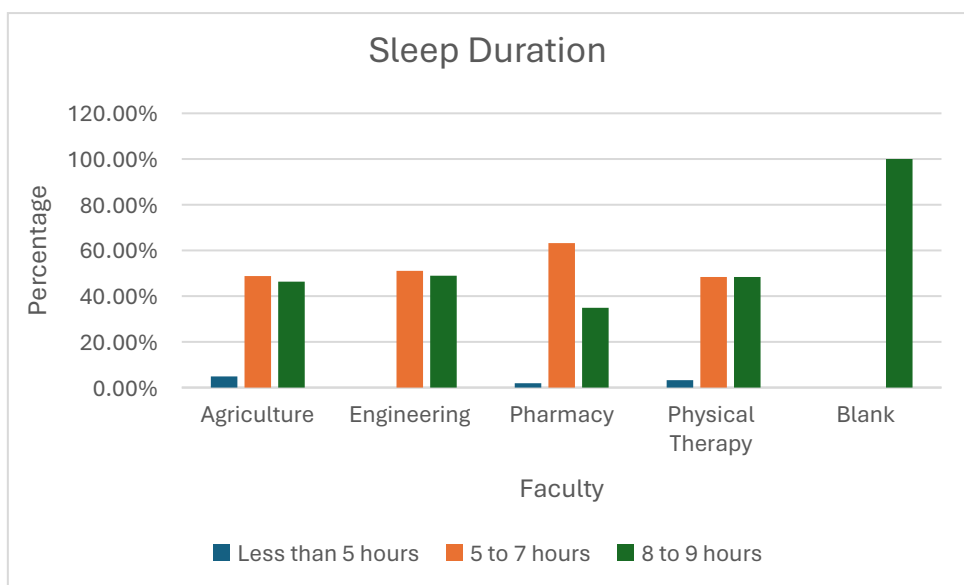

Figure 12

Comment:

Most people in all fields sleep **5 to 7 hours**, with **Pharmacy** having the highest percentage. **8 to 9 hours** is the second most common, particularly in **Engineering** and **Physical Therapy**, while very few sleep **less than 5 hours**.

13. How many cigarettes do you smoke on an average day?

Smoking Status	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
I do not smoke	97.56%	95.74%	96.73%	96.77%	100%
6–10 cigarettes	0%	4.26%	1.89%	0%	0%
11–20 cigarettes	1.22%	0%	0.47%	0%	0%
More than 20 cigarettes	0%	0%	0%	0%	0%
Use smoking products	1.22%	0%	0.94%	3.23%	0%

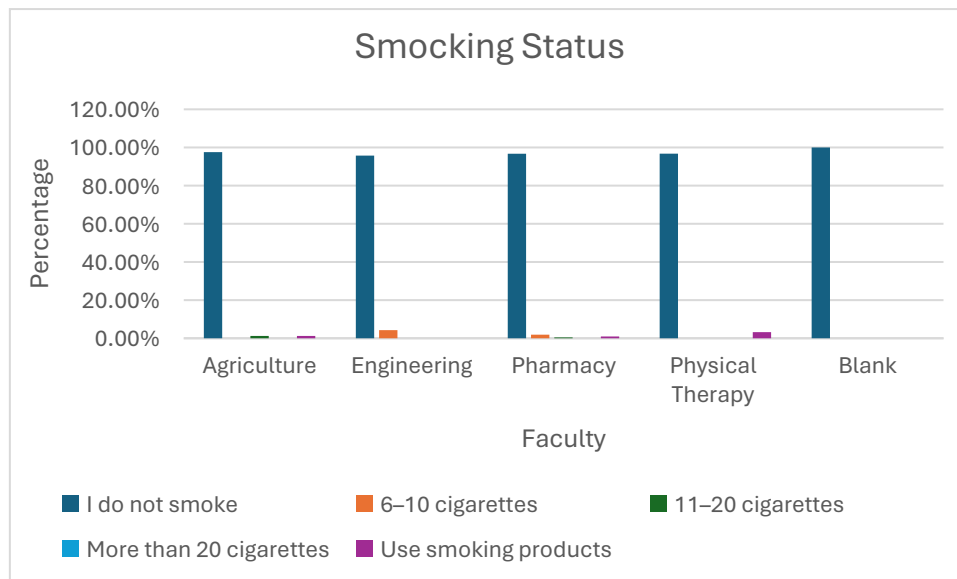

Figure 13

Comment:

Most people across all fields (Agriculture, Engineering, Pharmacy, Physical Therapy) do not smoke, with over 95% in each category. A small percentage uses 6–10 cigarettes or smoking products (e.g., vapes), while very few smoke 11–20 cigarettes. There is no significant use of more than 20 cigarettes.

III. Dietary and lifestyle Habits

14. How often do you buy organic foods?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	24.39%	14.89%	16.98%	9.68%	0%
Several times a week	31.71%	21.28%	27.36%	22.58%	100%
Once a week	13.41%	25.53%	18.87%	32.26%	0%
Rarely or Never	30.49%	38.30%	36.79%	35.48%	0%

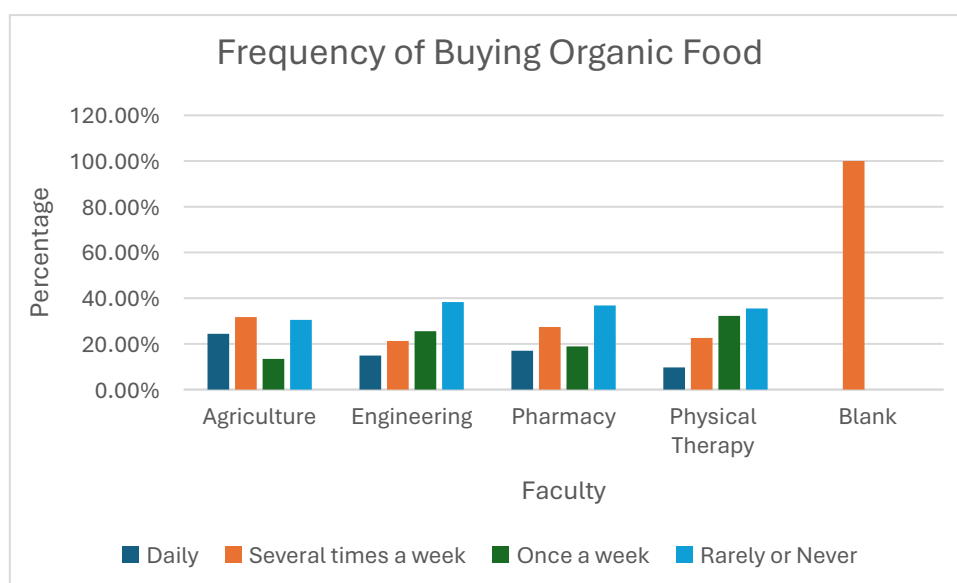

Figure 14

Comment:

The data shows the varying frequency of buying organic food across different categories. It highlights how often individuals from fields like Agriculture, Engineering, Pharmacy, and Physical Therapy purchase organic food, with differences in habits between the groups.

15. How often do you eat vegetables per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	35.37%	38.30%	41.50%	41.94%	0%
Several times a week	53.66%	48.94%	46.70%	38.71%	100%
Once a week	3.66%	8.51%	7.55%	12.90%	0%
Rarely or never	7.32%	4.26%	4.25%	6.45%	0%

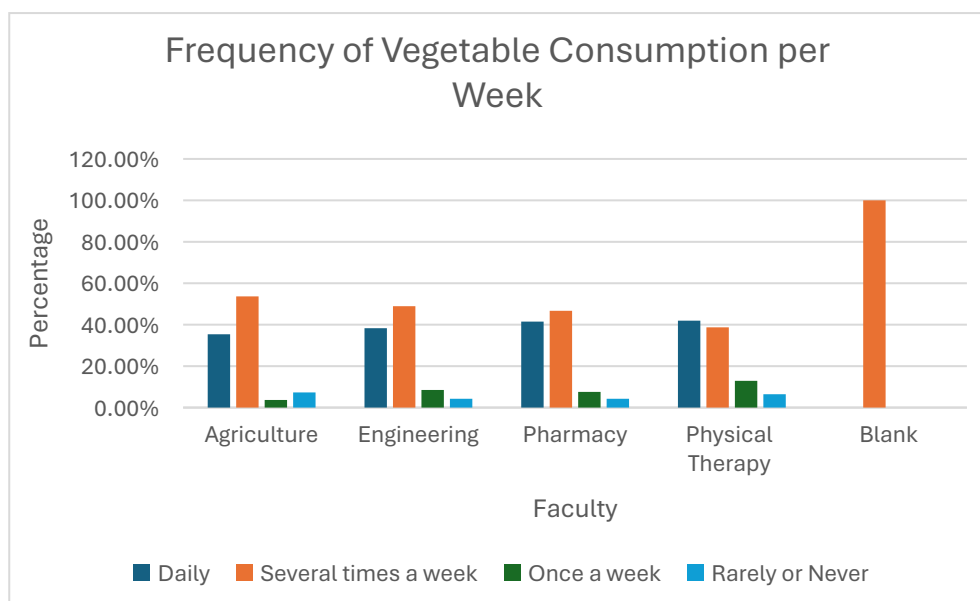

Figure 15

Comment:

Most people in all fields eat vegetables **several times a week**, with a smaller percentage eating them **daily**. Very few consume them **once a week** or **rarely/never**.

16. How often do you eat fruits per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	31.71%	27.66%	30.19%	35.48%	0%
Several times a week	58.54%	51.06%	59.43%	51.61%	100%
Once a week	6.10%	14.89%	6.13%	9.68%	0%
Rarely or Never	3.66%	6.38%	4.25%	3.23%	0%

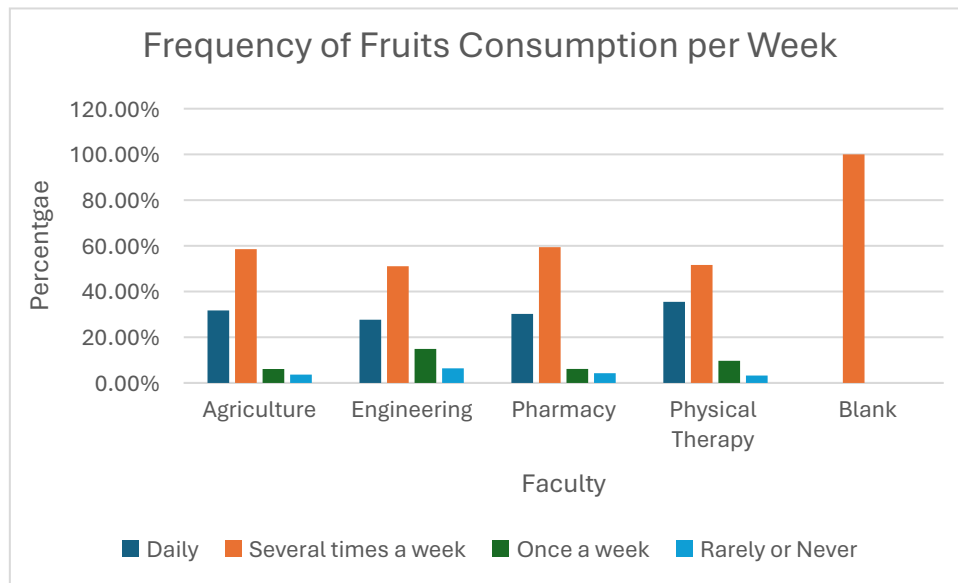

Figure 16

Comment:

The data shows how students across different faculties (Agriculture, Engineering, Pharmacy, Physical Therapy) consume fruits. Most students eat fruits **several times a week**, with a significant number consuming them **daily**. A smaller portion consumes fruits **once a week** or **rarely/never**.

17. How often do you eat red meat per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	8.54%	8.51%	6.13%	12.90%	0%
Several times a week	63.41%	68.09%	65.38%	54.84%	100%
Once a week	20.73%	19.15%	23.11%	19.35%	0%
Rarely or Never	7.32%	4.26%	5.66%	12.90%	0%

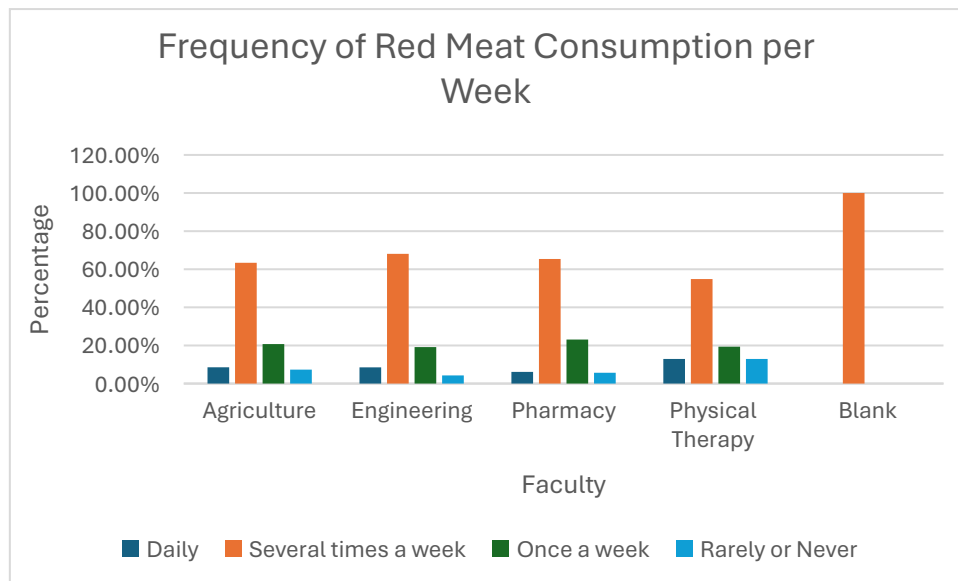

Figure 17

Comment:

Most students across all faculties consume fruits **several times a week**, with **Pharmacy** and **Engineering** showing the highest percentages. **Daily** consumption is also common, especially in **Physical Therapy**. Very few students eat fruits **once a week** or **rarely/never**.

18. How often do you eat poultry per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	12.20%	6.38%	5.19%	19.35%	0%
Several times a week	73.17%	80.85%	76.42%	64.52%	100%
Once a week	10.98%	10.64%	16.51%	12.90%	0%
Rarely or Never	3.66%	2.13%	1.89%	3.23%	0%

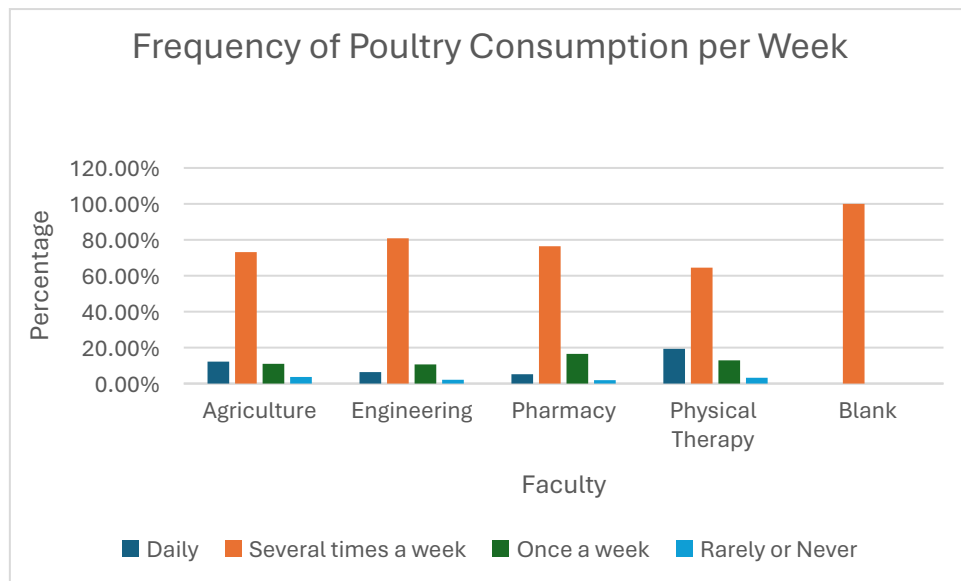

Figure 18

Comment:

For **poultry consumption**, the data indicates that most students across all faculties consume poultry **several times a week**, with **Pharmacy** and **Engineering** showing the highest percentages in this category. **Daily** poultry consumption is less frequent, and very few students consume poultry **once a week** or **rarely/never**.

19. How often do you eat fish per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	4.88%	0%	0.94%	0%	0%
Several times a week	35.37%	19.15%	24.53%	25.81%	0%
Once a week	35.37%	34.04%	36.79%	45.16%	100%
Rarely or Never	24.39%	46.81%	37.74%	29.03%	0%

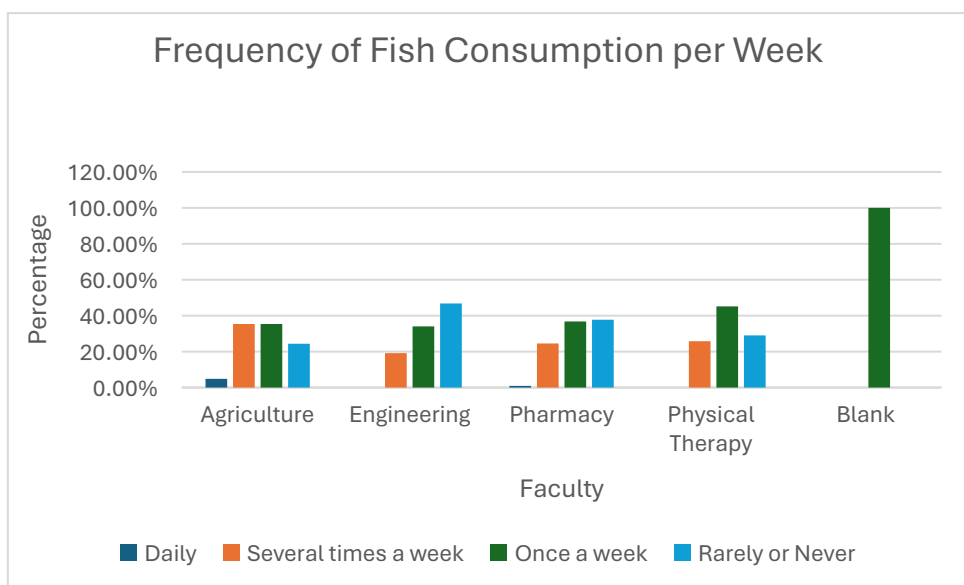

Figure 19

Comment:

For fish consumption, most students across all faculties consume fish once a week or several times a week, with Physical Therapy leading in the once-a-week category. Daily fish consumption is low, and rarely or never consumption is more

20. How often do you eat processed/canned meat/fish per week?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	4.88%	2.13%	2.36%	0%	0%
Several times a week	37.80%	38.30%	18.87%	9.68%	100%
Once a week	18.29%	14.89%	22.17%	35.48%	0%
Rarely or Never	39.02%	44.68%	56.60%	54.84%	0%

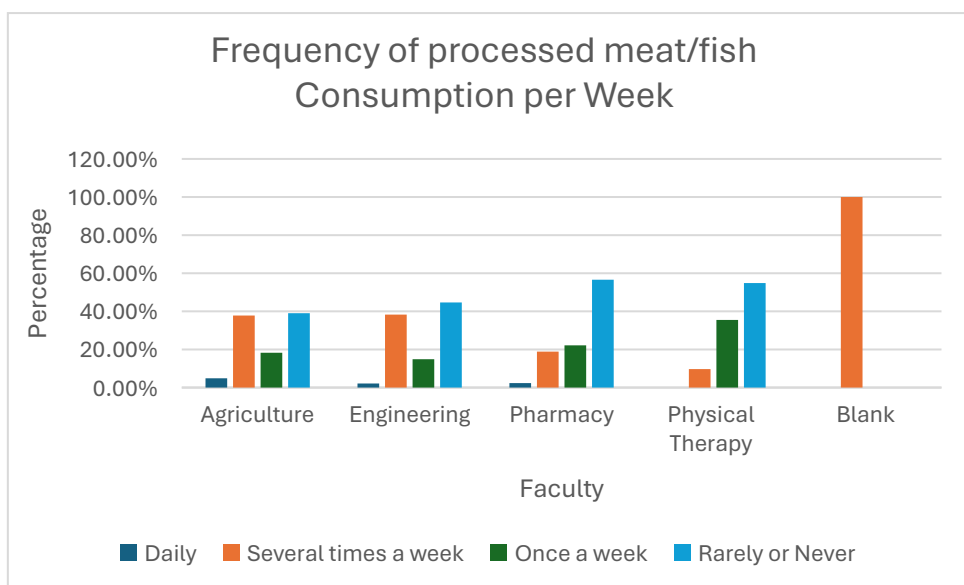

Figure 20

Comment:

Most students across all faculties consume canned or processed foods rarely or never, with Agriculture and Engineering showing some several times a week consumption. Daily consumption is minimal, and once a week consumption is common in Agriculture and Pharmacy.

21. How often do you eat high-fat or fried foods?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	19.51%	10.64%	12.26%	12.90%	0%
Several times a week	50.00%	59.57%	50.47%	61.29%	100%
Once a week	18.29%	21.28%	23.11%	22.58%	0%
Rarely or Never	12.20%	8.51%	14.15%	3.23%	0%

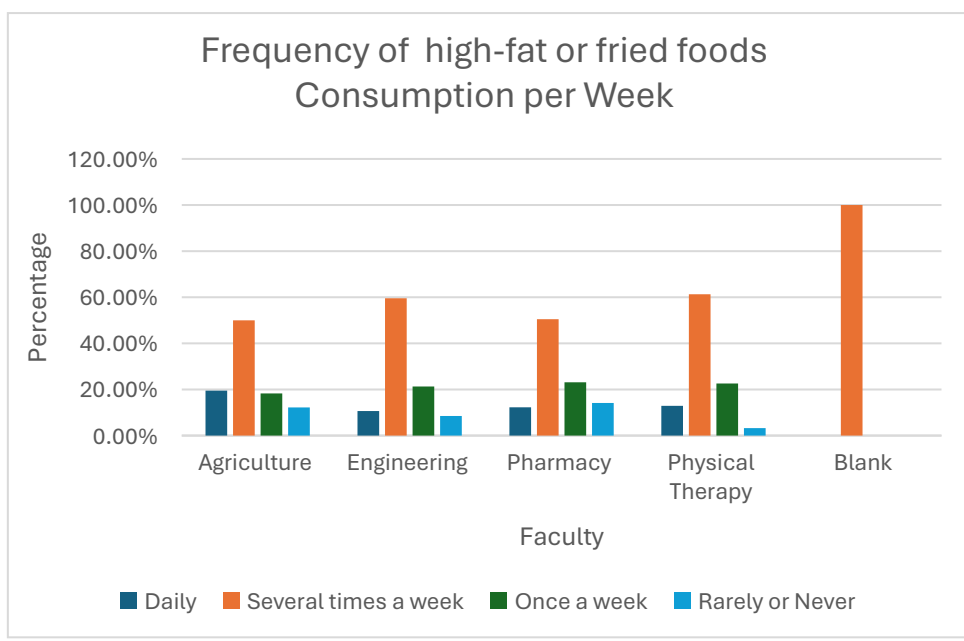

Figure 21

Comment:

Most respondents across all fields engage **several times a week** (50-61%), with **daily** participation lower but still notable in Agriculture, Pharmacy, and Physical Therapy. The **Blank** category has only one response, marking **100%** for "several times a week."

22. How often do you eat Baladi bread?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	58.54%	59.57%	63.68%	64.52%	0%
Several times a week	26.83%	25.53%	26.89%	22.58%	100%
Once a week	9.76%	10.64%	2.83%	6.45%	0%
Rarely or Never	4.88%	4.26%	6.60%	6.45%	0%

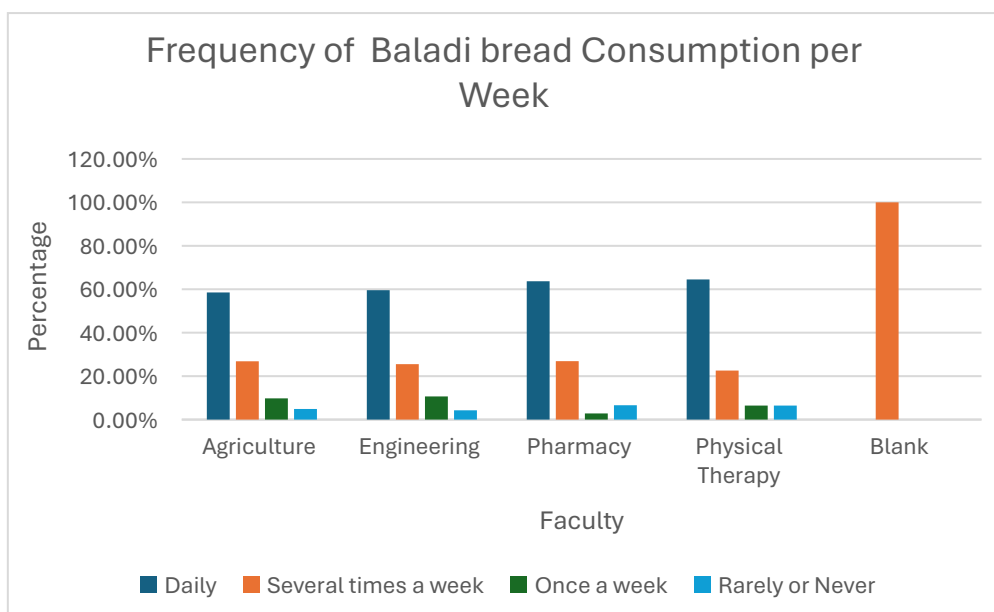

Figure 22

Comment:

Most people consume Baldi bread daily (58-64%), with a smaller group eating it several times a week (22-27%).

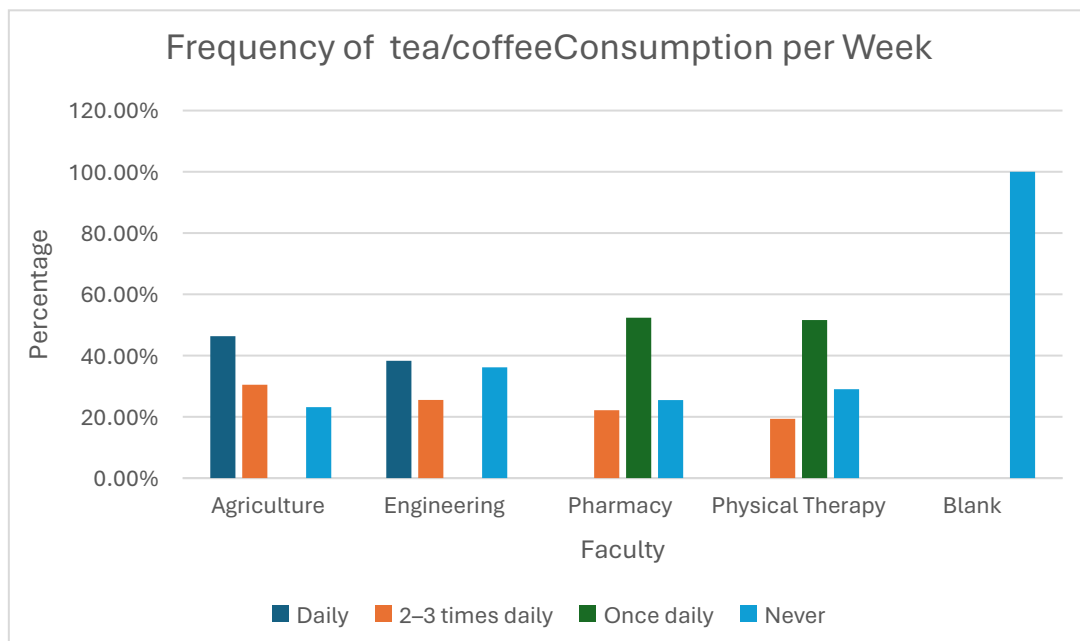

23. How often do you drink tea/coffee?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Daily	46.34%	38.30%	0%	0%	0%
2-3 times daily	30.49%	25.53%	22.17%	19.35%	0%
Once daily	0%	0%	52.36%	51.61%	0%
Never	23.17%	36.17%	25.47%	29.03%	100%

Figure 23

Comment:

Most respondents consume tea and coffee 2-3 times daily, with percentages ranging from 19-30% across fields. A significant portion, especially in Pharmacy and Physical Therapy, consume it once daily (52-51%). Never consuming tea or coffee ranges from 23-36%, with Blank showing a 100% for "Never."

24. How many spoons of sugar do you always add to your drink?

Frequency	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
One Spoon	25.61%	25.53%	21.23%	16.13%	0%
Two Spoons	46.34%	38.30%	43.40%	29.03%	100%
More than two	23.17%	34.04%	24.53%	38.71%	0%
Never	4.88%	2.13%	10.84%	16.13%	0%

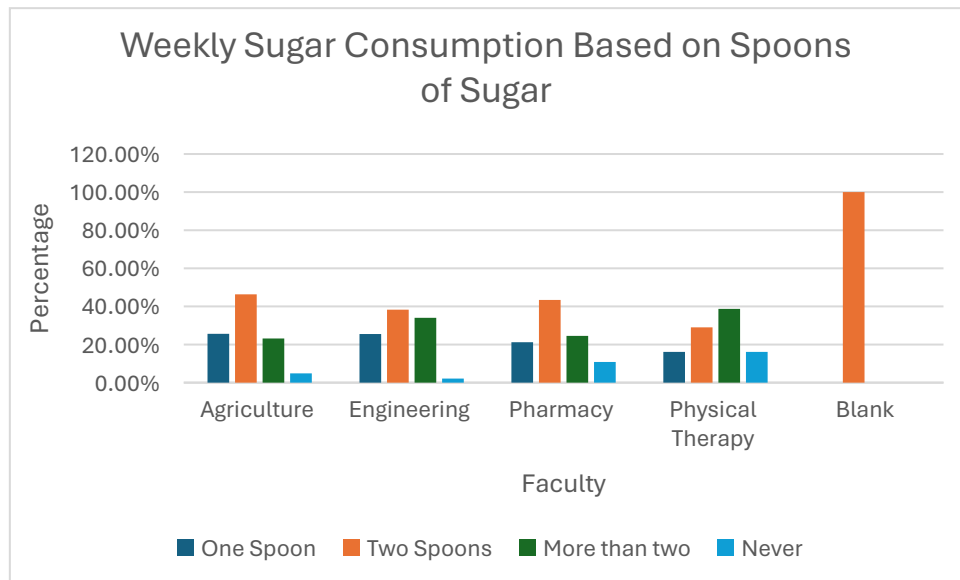

Figure 24

Comment:

Most respondents consume 2 spoons of sugar per week, with percentages ranging from 29-46% across fields. More than two spoons is the second most common, particularly in Physical Therapy and Engineering. A smaller percentage never consume sugar, especially in Engineering and Agriculture.

25. What type of fat do you always use in cooking?

Type of Fat/Oil	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
-----------------	-------------	-------------	----------	------------------	-------

Corn oil	29.27%	12.77%	31.13%	12.90%	0%
Natural butter	21.95%	27.66%	24.05%	16.13%	0%
Olive oil	10.98%	10.64%	16.98%	12.90%	0%
Margarine	0%	0%	0%	0%	0%
Cotton seed oil	3.66%	0%	1.89%	0%	0%
Sunflower oil	34.15%	46.81%	25.94%	54.84%	100%
Natural ghee	0%	0%	0%	0%	0%
Undefined	0%	2.13%	0.47%	0%	0%

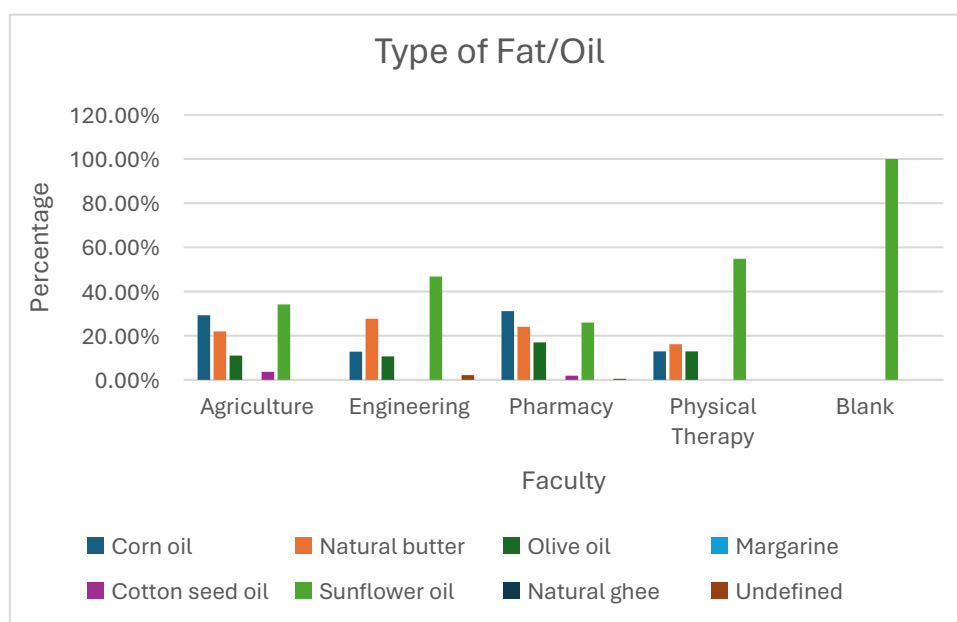

Figure 25

Comment:

Most new students consume **sunflower oil** (25-54%), followed by **corn oil** and **natural butter** in varying amounts across fields. **Olive oil** is also commonly used, especially in **Pharmacy**. **Cotton seed oil** and **margarine** are consumed less frequently, with **natural ghee** being almost unused. Overall, sunflower oil appears to be the most popular choice among students.

26. How many liters of water do you drink daily?

Water Consumption	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
Less than one liter	19.51%	8.51%	10.38%	9.68%	0%
One liter (4 glasses)	40.24%	29.79%	35.38%	29.03%	100%

Two liters (8 glasses)	28.05%	36.17%	38.22%	45.16%	0%
More than two liters	12.20%	25.53%	16.98%	16.13%	0%

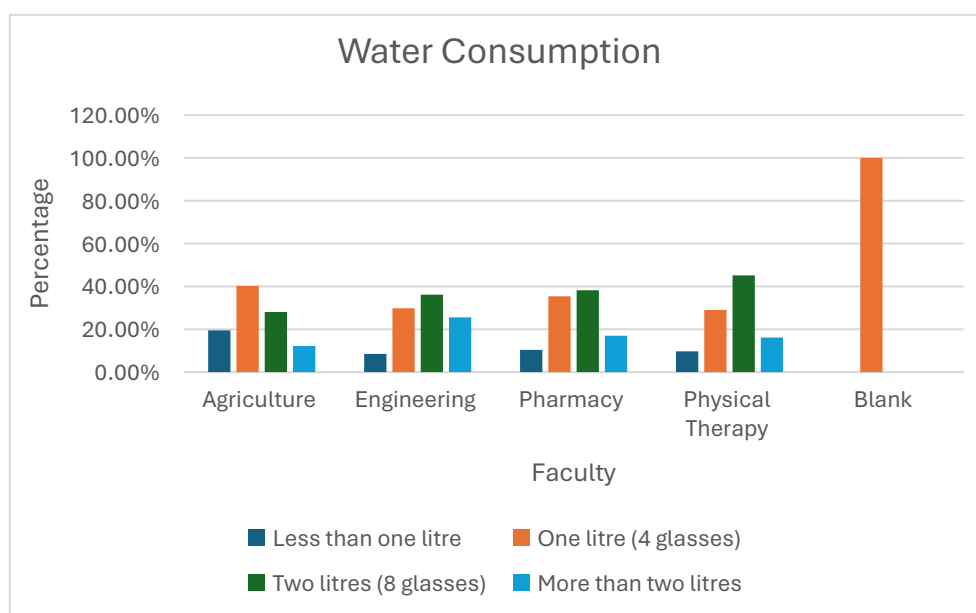

Figure 26

Comment:

Most students across all faculties consume **one litre (4 glasses)** of water daily, with **Pharmacy** and **Physical Therapy** showing the highest consumption. **Two litres (8 glasses)** is also a common choice, especially in **Physical Therapy** and **Pharmacy**. **More than two litres** are less frequent, but it still accounts for a notable portion in **Engineering**. A smaller number of students, especially in **Agriculture** and **Engineering**, consume **less than one litre** of water daily. Overall, the data shows a strong preference for consuming at least **one to two litres** of water per day.

27. Do you have a regular fitness routine?

Activity	Agriculture	Engineering	Pharmacy	Physical Therapy	Blank
None	28.05%	10.64%	21.70%	19.35%	0%

Walking	41.46%	40.43%	44.81%	38.71%	100%
Gym exercises	24.39%	31.91%	20.75%	29.03%	0%
Practice Sport (swimming, football, others)	6.10%	17.02%	12.74%	12.90%	0%

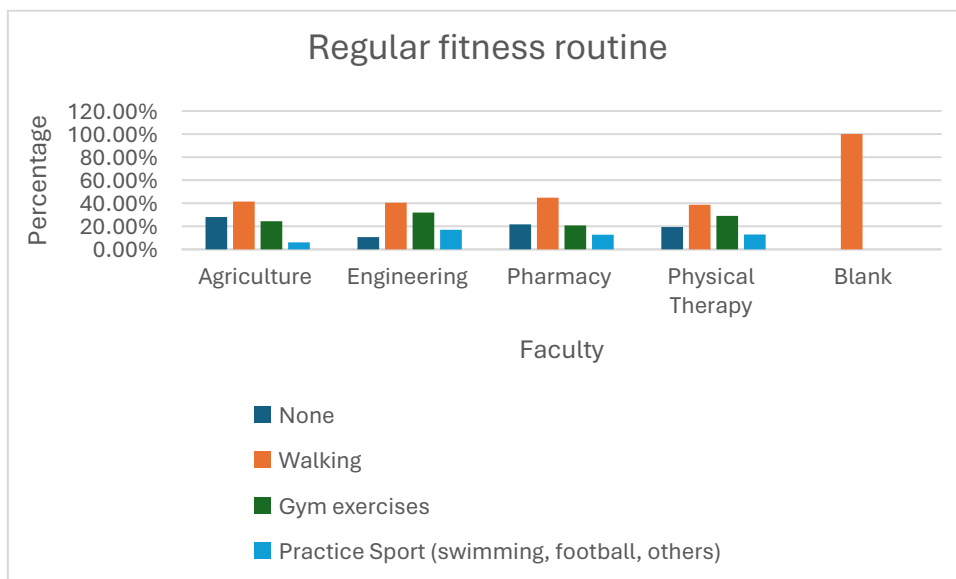

Figure 27

Comment:

Most students across all faculties engage in walking (38-45%), with gym exercises being the second most common activity (20-32%). Physical Therapy and Engineering students also participate in sports like swimming or football (12-17%). A notable portion, particularly in Agriculture and Pharmacy, report doing no physical activity (21-28%).

IV. Student's self-evaluation information:
