HU Integrative Health Center University Students Health Screening Report

This report analyzes **2790** responses across **52** topics. Key findings:

Highlights

- **BMI:** Top choice "*Normal Weight*" with **40.1%**.
- **Do you have any of the following medical diagnosis?:** Majority (**59.6%**) selected "*No Diagnosis*".
- **Which of the following oral problems do you experience?:** Majority (**66.3%**) selected "*I have no problems in my mouth*".
- **In case of having chronic pain, what kind of pain?:** Split between "*Headache*" (34.6%) and "*Back pain*" (30.9%).
- **How often do you eat vegetables per week?:** Top choice "*Several times a week*" with **45.7%**.
- **How often do you eat fruits per week?:** Top choice "*Several times a week*" with **48.7%**.
- **How often do you eat red meat per week?:** Top choice "*Several times a week*" with **47.1%**.
- **How often do you eat processed or canned meat/fish per week (e.g., luncheon meat, canned tuna)?:** Top choice "*Rarely/never*" with **38.6%**.
- **How often do you eat sugary food/desserts?:** Top choice "*Several times a week*" with **39.3%**.
