HU Integeative Health Center SEKEM Community Male Health Screening Report

This report provides a comprehensive analysis of survey data from **543** respondents across **44** key topics. The following key findings have been identified:

Key Highlights (Selected Topics)

BMI: The leading choice was "*Overweight*" with **41.4%**.

Do you have any of the following medical conditions?: A majority (**61.0%**) selected "*No diagnosis*".

How many cigarettes do you smoke on an average day?: A majority (**84.3%**) selected "*I do not smoke* ".

How often do you eat vegetables per week?: A majority (**59.3%**) selected "*Daily*".

How often do you eat fruits per week?: A majority (**53.6%**) selected "*Several times a week*".
